All rides start & finish at the Denniston Museum, except for the Mackley Road (which ends at the Iron Bridge in the Buller Gorge).

NB The Mackley Road passes through private farm land at the Inangahua end.

MTB riders must contact the Department of Conservation (Westport office) or the Buller Cycling Club website ([www.cyclebuller.co.nz](http://www.cyclebuller.co.nz)) to check the current access requirements before riding through this area.

Currently the land owner allows cyclists to ride through the private farm land at the Inangahua end of the Mackley Road.

MTB riders are reminded to treat this access with respect - ride only on the gravel road; leave all gates as you find them; do not disturb stock; do not litter.

**Remember, if you abuse it we may lose it.**
